

Bloom Where you are Planted
6 hour class, kit required, \$105
intermediate

Several bead embroidery techniques are used in this asymmetric necklace as well as incorporating some unusual materials- including metal purl and woven cording. The visual centerpiece is a beautiful vintage glass white flower.

But bead embroidery is not the only technique used. A beadwoven neck chain is woven with triangle beads interspersed with seed bead. Of course there are crystals too- adding some sparkle.

WHAT'S YOUR POINT? NECKLACE
4-6 hour class all levels
kit: \$57

Bead embroidery forms this smallish pendant necklace. It uses 2 different bezel techniques, and mixes several sizes and shapes of beads. A woven neck chain completes the necklace.

WATERFALL EARRINGS
4-6 hours
kit mandatory, \$60

Pretty vintage glass cabochons are surrounded with bead embroidery. Colored chain is used throughout these earrings- as a bezel, a decorative surround and as a fringe. These earrings are fun to wear, with great movement!
